Saint Augustine's College

Raleigh, North Carolina

THIS IS

Again we have arrived at that time of the year when we try to seek, recall and evaluate those experiences we have had over the years at Saint Augustine's College. These experiences may be successes, failures, or a compromising melange of both.

Realizing of course that many of our experiences are lost to the past, or could not be expressed in a single snapshot.

Taking into consideration our theme: "This is Saint Augustine's," let us show you our school. Come with us as we introduce you to our faculty, take you into our classrooms and escort you around our campus.

As the pages unfold before you we hope that you will come to grasp a small part of the happiness that we have known during our stay at this institution.

In this 1962 edition, we shall begin to evaluate, thus realizing that Saint Augustine's holds very high intellectual and moral standards.

ST. AUGUSTINE'S

Saint Augustine's Has:

A harmonious campus cloistered among nature

A competent faculty

A conscientious student body

Organizations that co-operated with the faculty

A place for the development of physical stamina

A diversity of activities

Greek organizations which promote scholarship
and love for all mankind

Queens to grace a regal court

Dedication

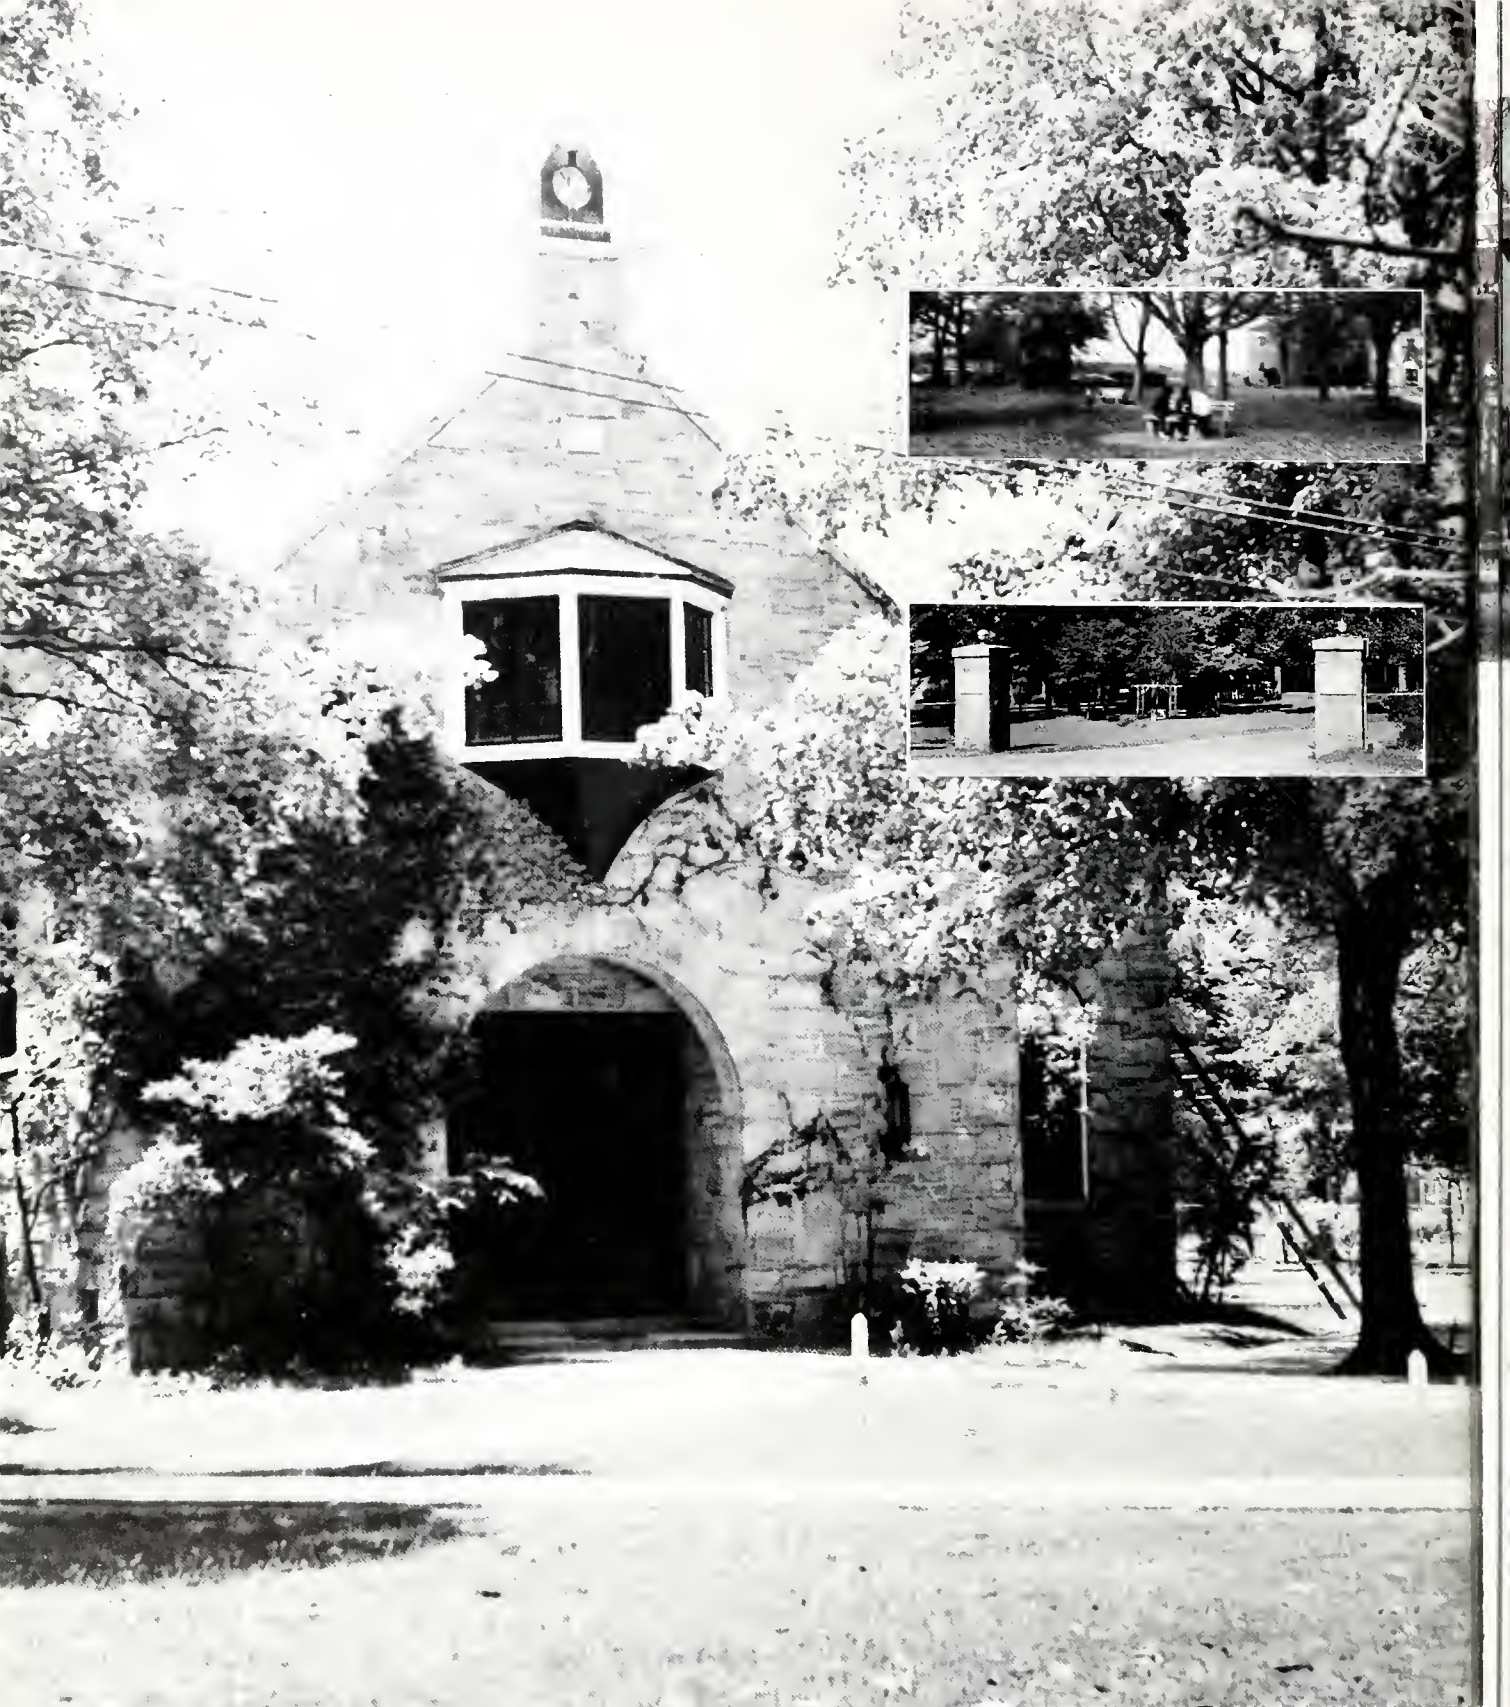

The class of 1962 dedicates this FALCON to The Rev. Joseph N. Green, Jr.

In dedicating this year's FALCON the members of the Senior Class choose an individual who in their opinion exemplifies the basic principles and ideals upon which Saint Augustine's was founded. The magnitude of his teachings has influenced and molded both our social and religious lives while in this institution. From his teachings we feel as though we have found the necessary beacon to direct us in our future endeavors, no matter how bleak life may seem.

This man has been a friend and teacher who has given to the student, spiritual guidance and advice in his time of need. So it is with deepest sincerity and heartfelt appreciation that we dedicate this 1961-62 edition of the FALCON to Rev. Joseph N. Green, Jr.

OFFICE OF THE PRESIDENT

February 17, 1962

Dear Senior Class:

On the occasion of your leaving Saint Augustine's College after an academic sojourn of four years, I congratulate you. Your graduation will truly be the commencement of a new chapter in the book of life. We have attempted to acquaint you with the religious, scientific and humanistic implications in the matter of everyday living. It is my prayer that you will now be better able to evaluate change in terms of continuing human progress rather than as a threat to human stability.

Always carry with you a Christian optimism based upon reality. Forever be true to God and your fellow-man.

May success ever attend you.

Very truly yours,

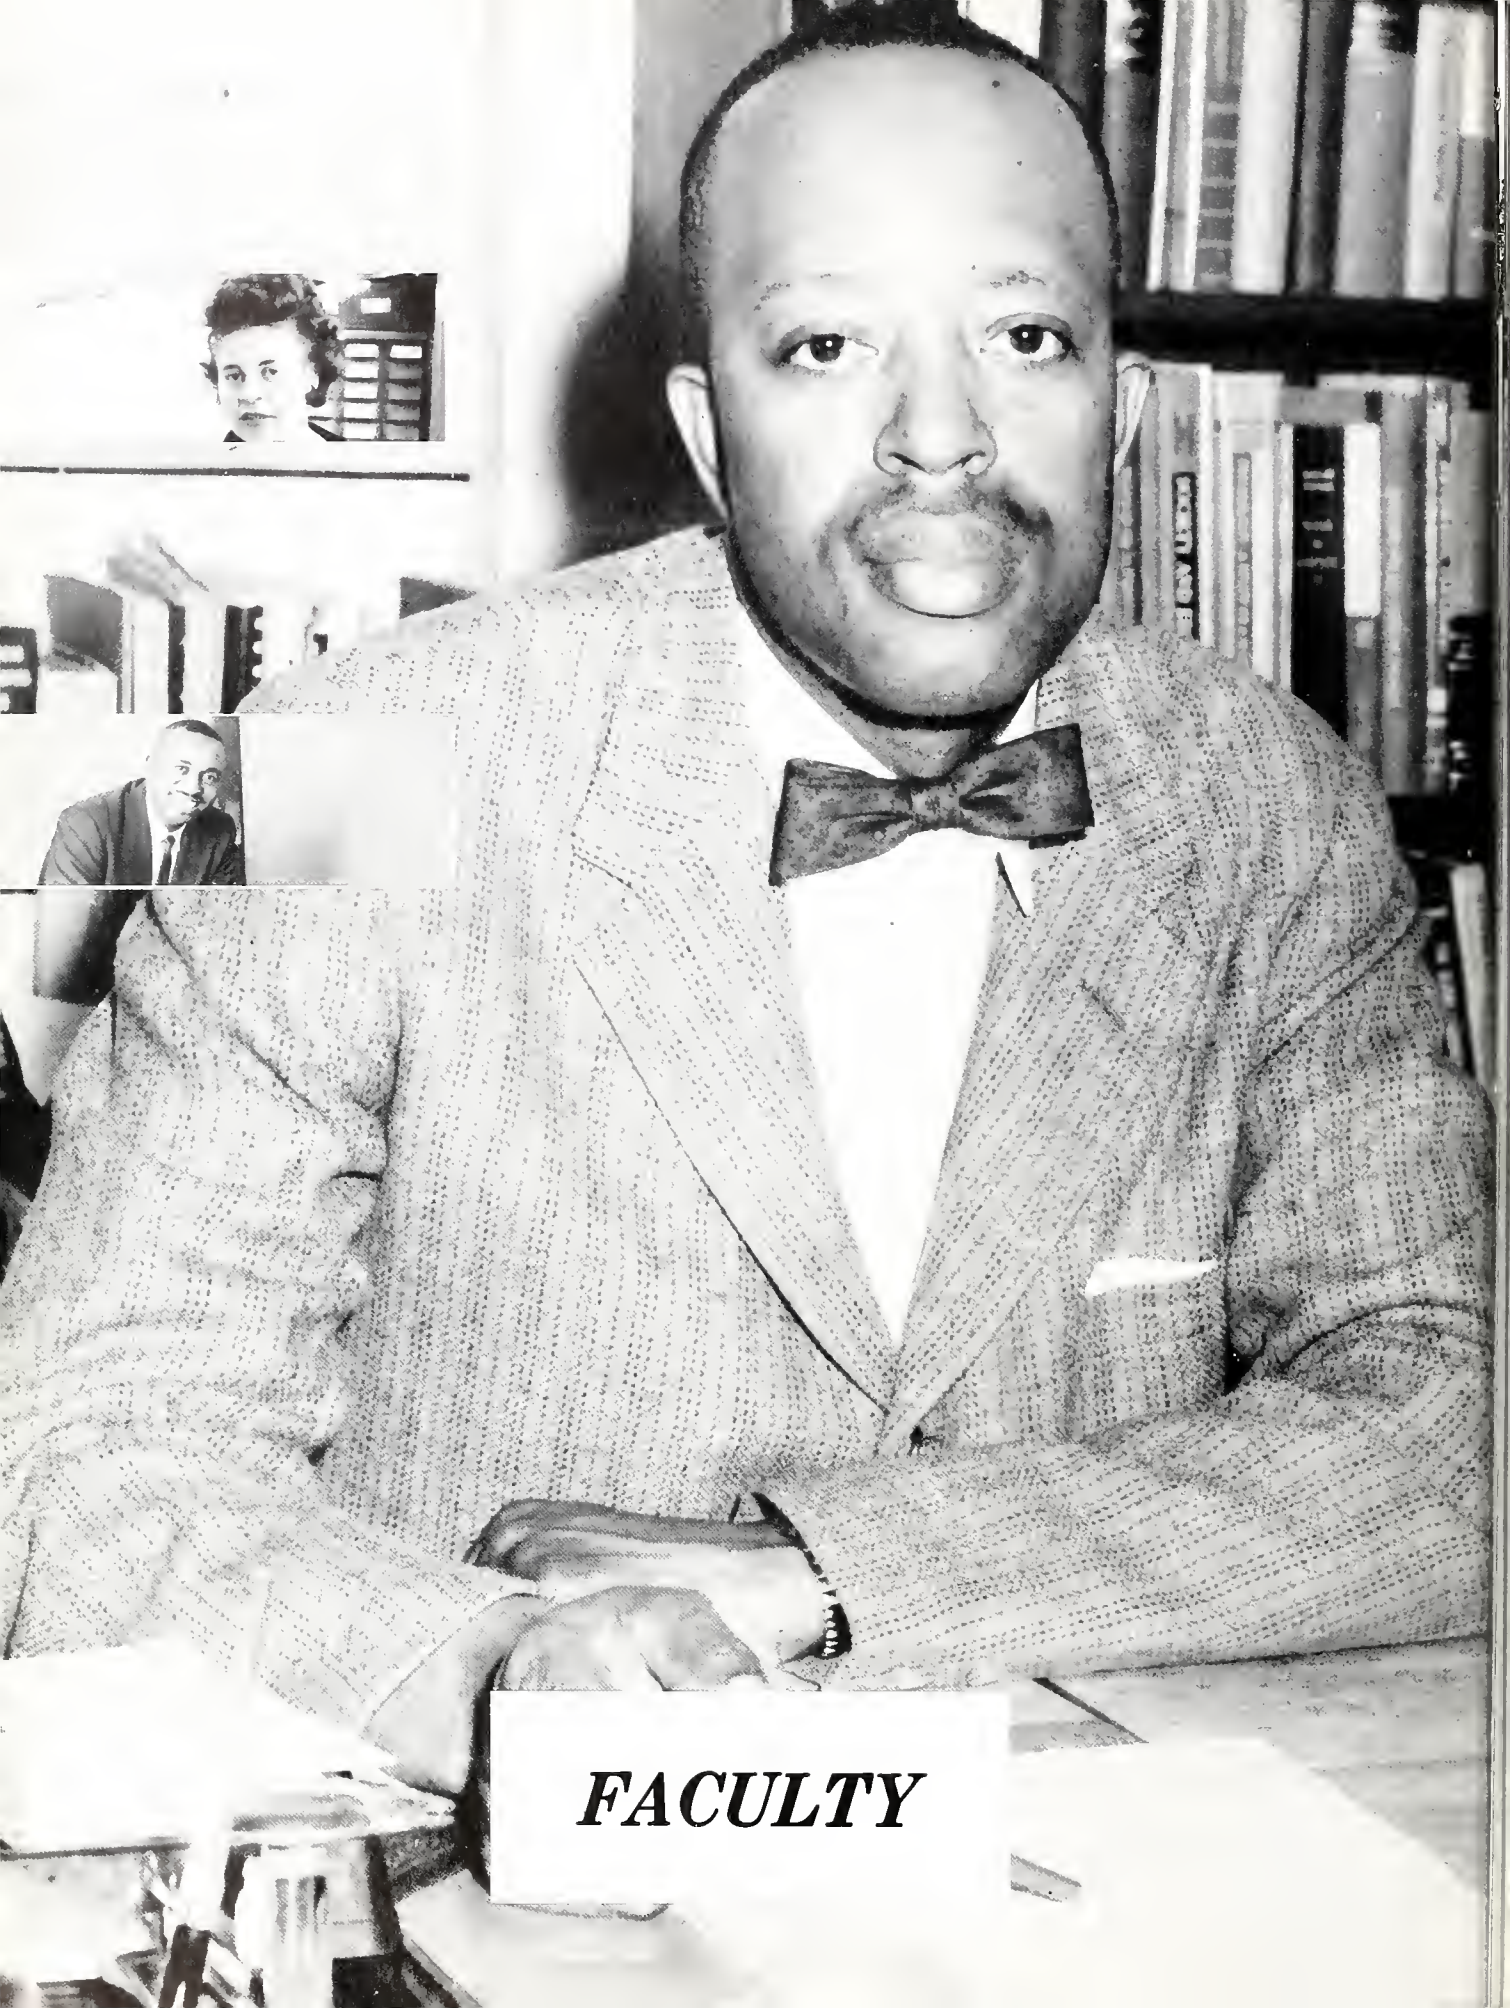

James A. Boyer
